

Amusement Park Physics Eligibility Requirement

Physics day is a unique opportunity to attend an amusement park for an academic purpose. All students interesting in attending this day should be aware of the following requirements. To be eligible to go on the trip you must:

1. Maintain a 75% in physics for the 2nd and the 3rd Quarters.
2. Miss no more than 12 physics classes total between the 2nd and the 3rd quarter (unless pre-approved by the teacher).
3. Not have a repetitive record of disciplinary issues.
4. Participate in the pre-event planning sessions (during school).
5. Complete the pre-event problems (for homework).
6. Fill out the proper form and return it with the correct payment by the date stated on the form.

Any student who meets these requirements will be approved to attend the trip.
